Describe the building's current status – size, characteristics, condition, etc.: _____

Describe how the structure will be secured so it won't become open to the general public: _____

Property Plan <i>Select all that apply:</i>	<input type="checkbox"/> For Sale	Listing Date	Closing Date
	<input type="checkbox"/> Renovation	Start Date	
	<input type="checkbox"/> Demolition	Removal Date	
	<input type="checkbox"/> Convert to Rental Property	Start Date	Rental License Application Date
	<input type="checkbox"/> Statement of restoration plans attached to this Vacant Building Form. You must submit a detailed statement of restoration plans if you intend to restore the property to productive use and occupancy within a year of registering the subject vacant building. The statement, at a minimum, must contain either a demolition plan indicating the proposed timeframe for demolition or a rehabilitation plan detailing how the building will be returned to occupancy or use. Implementation of the rehabilitation plan may not exceed 12 months. Any repairs, improvements, or alterations to the property must comply with any applicable zoning, housing, historic preservation, or building codes and must be secured during the rehabilitation. The Office of Code Compliance can provide you with a written referral to the Planning Department for information about available programs that may be useful in developing the rehabilitation plan.		

Insurance and Bond Required.

Liability insurance acquired and maintained in an amount of not less than \$300,000 for one- and two-unit residential buildings and not less than \$1,000,000 for any other building. Insurance must cover any damage to any person or any property caused by any physical condition of or in the building. A copy of the insurance certificate must be attached to this Vacant Building Form.

AND

An indemnity bond of no less than \$10,000 was provided to the Office of Code Compliance.

Notary Public Signature _____ **Location:** _____

Subscribed and sworn to before me this _____ **day of** _____ **20** _____

Fee amount enclosed: _____

Important Notice to Applicant:

- **Vacant Building Registration Process:** You must submit this Vacant Building Form and required fees and attachments to the Newburgh Office of Code Compliance within 30 days of assuming ownership of the vacant property, or within 10 days of receipt of notice from the municipality, whichever occurs first. You must individually register each vacant property with separate section, block, and lot number.
- **Annual Registration Renewal & Fee:** Registration remains valid until December 31 of the calendar year in which you register. As long as the building remains vacant, you must renew registration annually and pay a registration or renewal fee in the amount prescribed in City Code Chapter 163. You must renew all registrations on or before January 1st of each year, with payment due within 30 days of renewal. The initial registration fee shall be prorated for Vacant Building Forms received less than 10 months prior to that date.
- **Changes in Information:** Within 30 days of any change in registration information, the applicant must file an amended Vacant Building Form with the Office of Code Compliance.
- **Registration Fee Exemption for Rehabilitation Plans:** As noted in the Vacant Building Form, you must submit a detailed statement of restoration plans if you intend to restore the property to productive use and occupancy within one year of registering the subject vacant building. Upon filing of restoration plans, you will be exempt from paying the registration fee but must comply with all other vacant building registry requirements. If the subject property is not restored to productive use and occupancy at the end of the one year period, you shall be liable for any fee waived. The Office of Code Compliance may extend the waiver of the registration fee for not more than one additional year in response to the property owner's written request if a municipal officer finds that compelling conditions outside the owner's control made it impossible for the owner to restore the property within the initial one year period. Where the owner is an entity experienced in rehabilitation or redevelopment of vacant properties, and where the property subject to this chapter is being held for a project of rehabilitation or redevelopment consistent with municipal plans and ordinances, and where, by virtue of financing, market, or other conditions, that project may require more than one year for realization, the Office of Code Compliance may extend the waiver of the registration fee on an annual basis without limitation upon written request by the owner, as long as a municipal officer finds that the owner is making reasonable progress toward completion of the project. The owner must provide the Office of Code Compliance with documentation of such progress, which may include plans, financing applications, applications for land use approval, or other evidence of progress.
- **Required Security Measures:** Within 30 days of a building becoming vacant or the owner taking title to a vacant building, the owner or responsible party must:
 1. Enclose and secure the structure as provided in the applicable codes of the City of Newburgh and the State of New York or as set forth in the City's rules and regulations.
 2. Ensure that the grounds of the structure, including yards, fences, sidewalks, walks, and driveways, are well-maintained and kept free from trash or debris.
 3. Post a sign affixed to the structure with the name, address, and telephone number of the owner and the owner's authorized agent for the purpose of service of process and the name, address, and telephone number of the property manager. If the structure is set back from the street, the sign may be posted on a well-secured post or stake in the front yard of the property. The sign must be at least 18 inches by 24 inches in dimension, must include the words "to report problems with this building, call," and must be placed in a location where it is clearly legible from the nearest public street or sidewalk, whichever is nearer.
 4. Maintain the structure in a secure and closed condition, keep the grounds in a clean and well-maintained condition, and ensure that the sign is visible and intact until the building is again occupied or demolished or until repair or rehabilitation of the building is complete.
- **Changes in Liability Insurance:** Registration requires the owner of vacant property to purchase a minimum amount of liability insurance or provide a bond (see form above). Any insurance policy acquired or renewed after the building has become vacant must provide written notice to the Office of Code Compliance within 30 days of any lapse, cancellation, or change in coverage, and the owner also must provide written notice of any lapse, cancellation or change in coverage to the Office of Code Compliance.
